Brian;
Thanks for the update, I'll look for the data.
Phil

Phil

I am waiting to receive a data report from the contractor at the end of the week. It will contain the sample data collected by the contractor and the previous data collected by the PRP. I will forward it to you as soon as I get it. I hope to then schedule the remaining sampling in March/April (funding permitting) and complete the RI by the end of the calendar year.

Thanks
